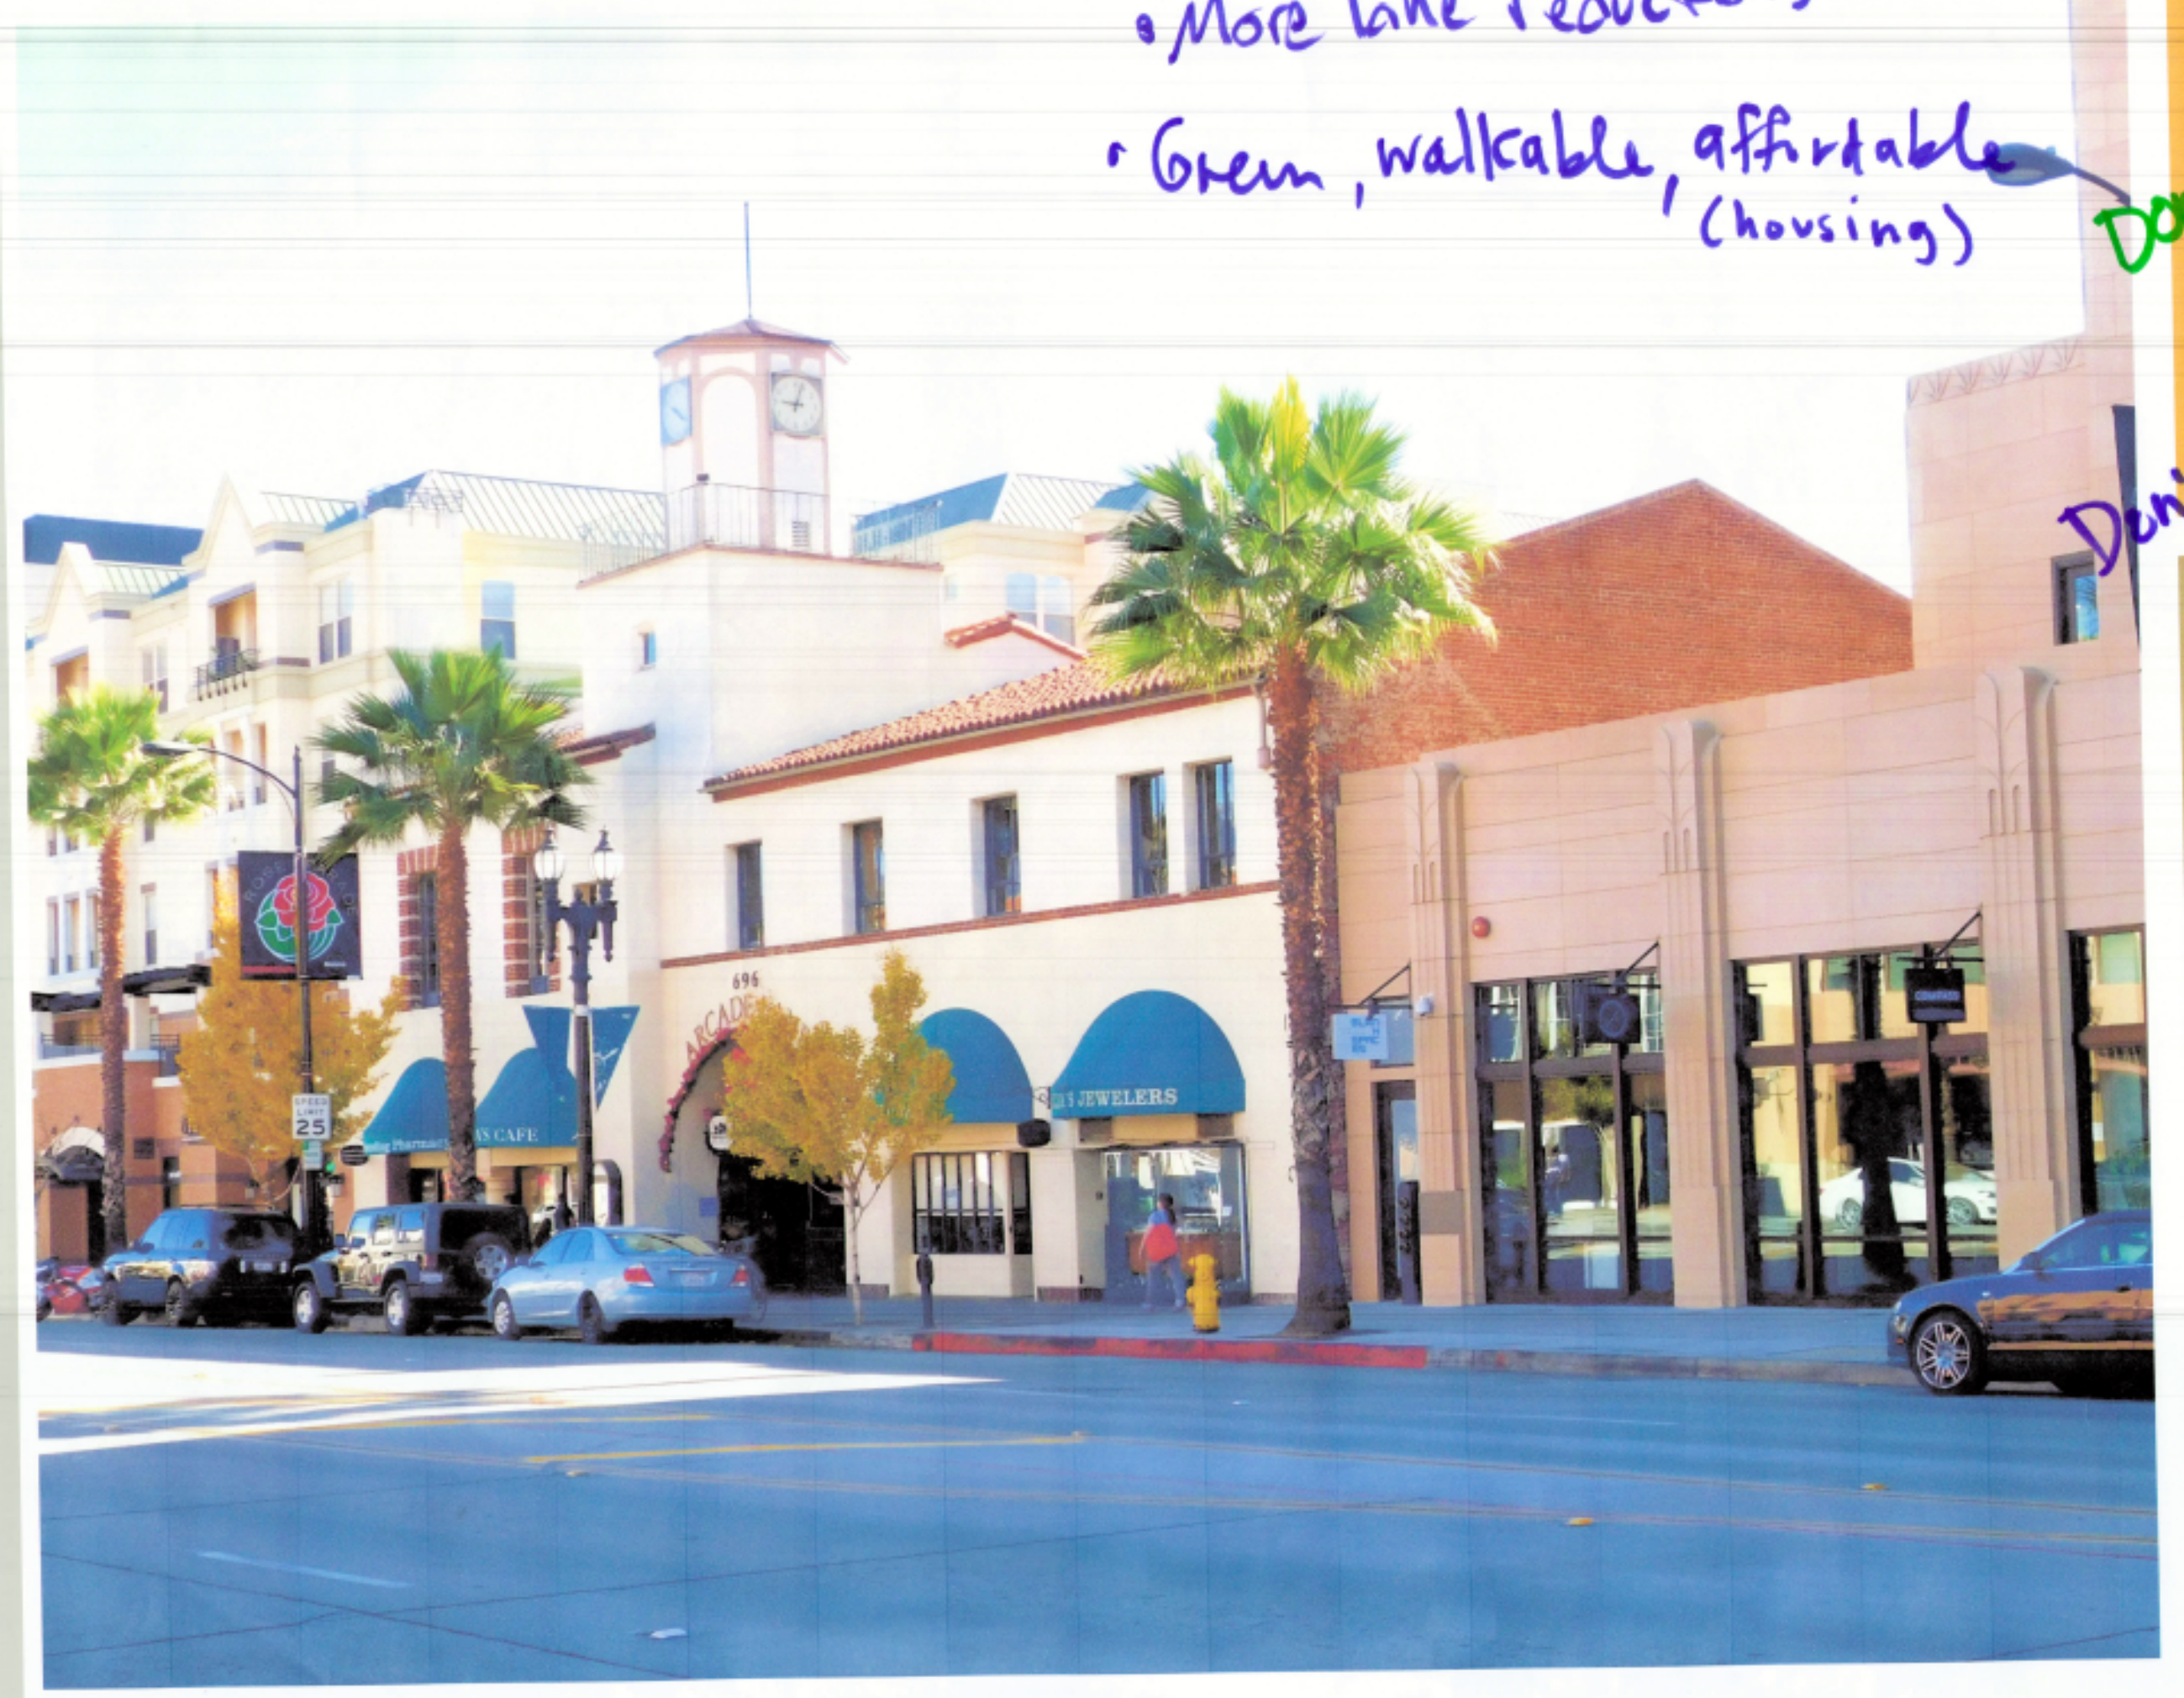
Using

THREE WORDS

Describe the future of your community

+ Affordable housing
Great public spaces

- More lane reductions
- Green, walkable, affordable (housing) ← Don't



I WOULD LIKE TO SEE PASADENA STAY, AS MUCH AS POSSIBLE, THE QUAINT LITTLE CITY IT WAS WHEN MY FAMILY MOVED HERE IN 1984, WHICH IS BECOMING LESS & LESS LIKELY DUE TO BUILDERS WHO WANT TO MAKE MONEY BY BUILDING WHEREVER THERE IS THE SMALLEST PARCEL.

I want to live in a city where families + people across the socio-economic spectrum can make a living.

"LIVABLE PLACE"

THRIVING!

Protect historic buildings
Keep it walkable & safe

~~No LANE REDUCTIONS~~

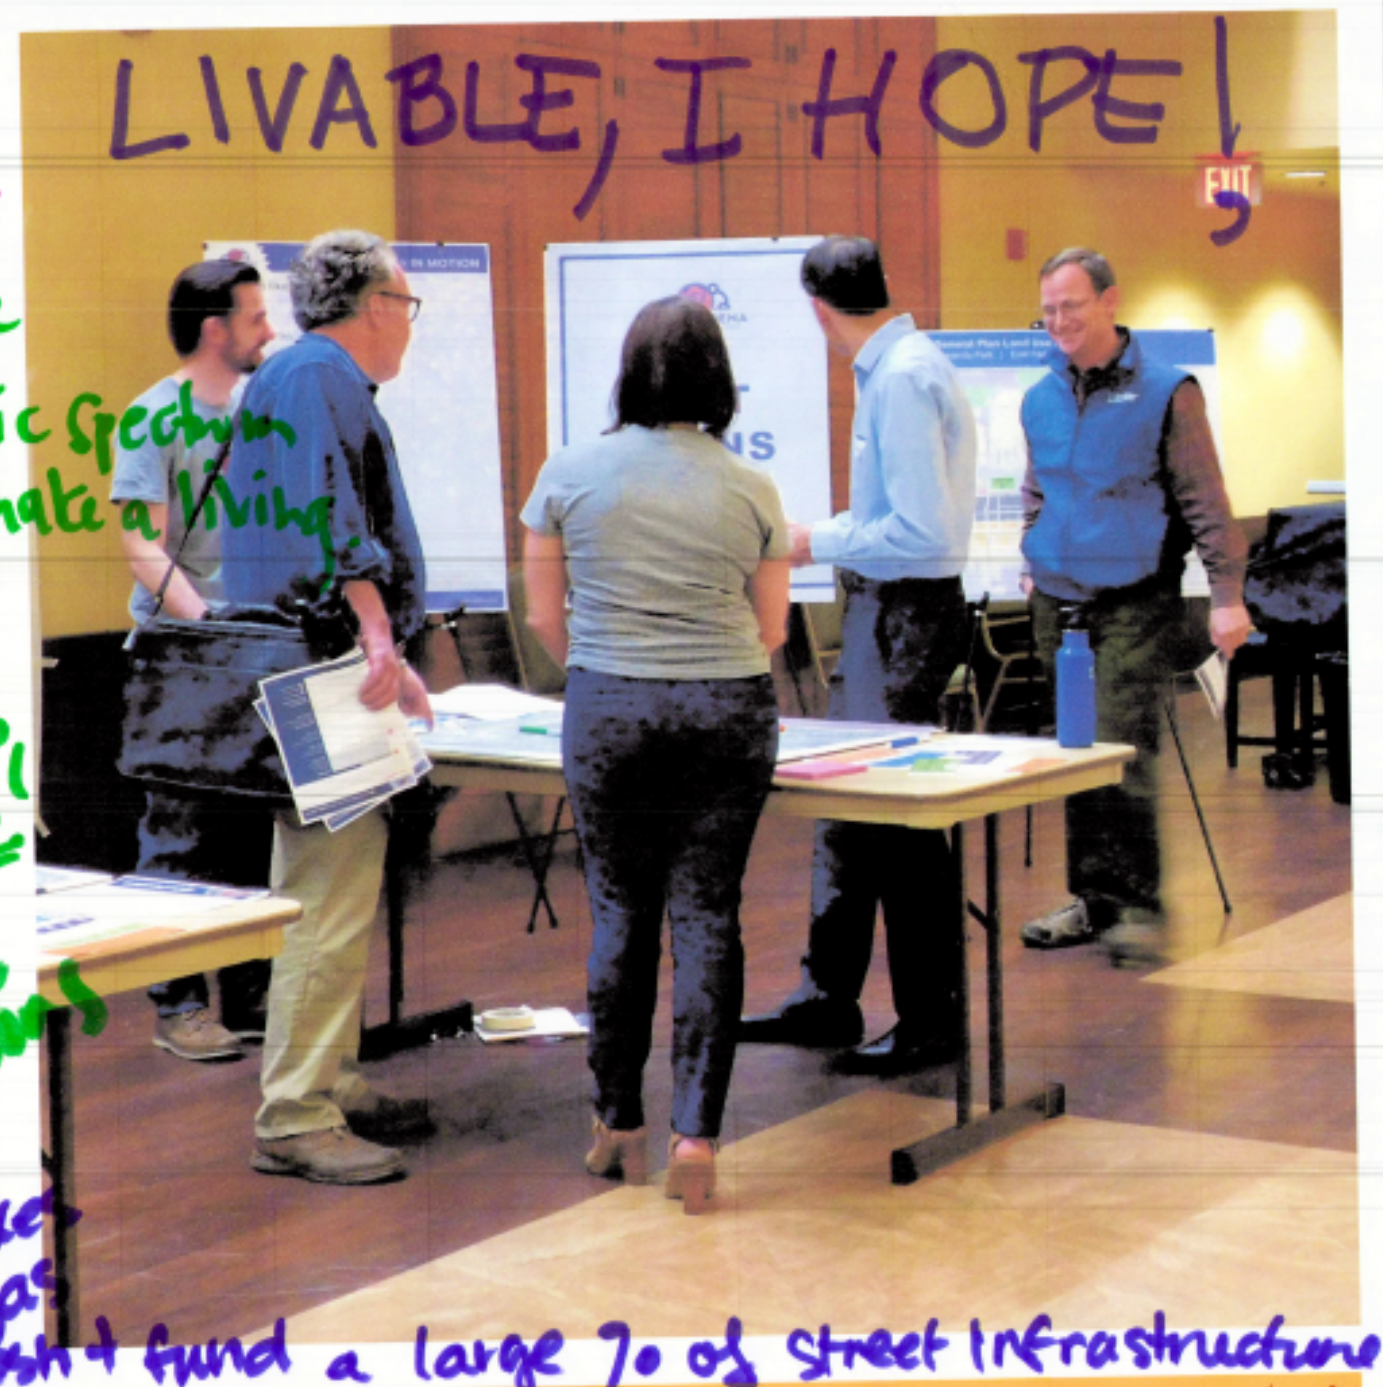
WE'RE NOT NEW YORK ← true, and?!

Don't STOP HIGH DENSITY paranoia ditto ditto Ditto!

No lane reductions Yes lane Reductions

WHEN BICYCLES GET LICENSED & TAXED THEY CAN ASK FOR LANES ← we all pay taxes besides gas tax doesn't fund a large % of street infrastructure.

Don't License walkers too



LIVABLE, I HOPE!

Less development of multi apartment housing
No growth in population from the State ~~enfo~~ mandated housing push.
Less traffic / less cars.
Exciting urban living with great public transit and more restaurants! ✓
Beautiful, verdant, walkable
New housing & parks dwtn.

PARKABLE, WALKABLE, SHOPPABLE
Trees! Native plants!
Bikeable

- FEWER MULTI UNIT HOUSING!
- Density is ok but must be well placed. More housing in a district that serves as a business hub.
- More affordable units! specifically the downtown
- More pedestrian improvements
- More parking in the Playhouse District. ← Ditto.

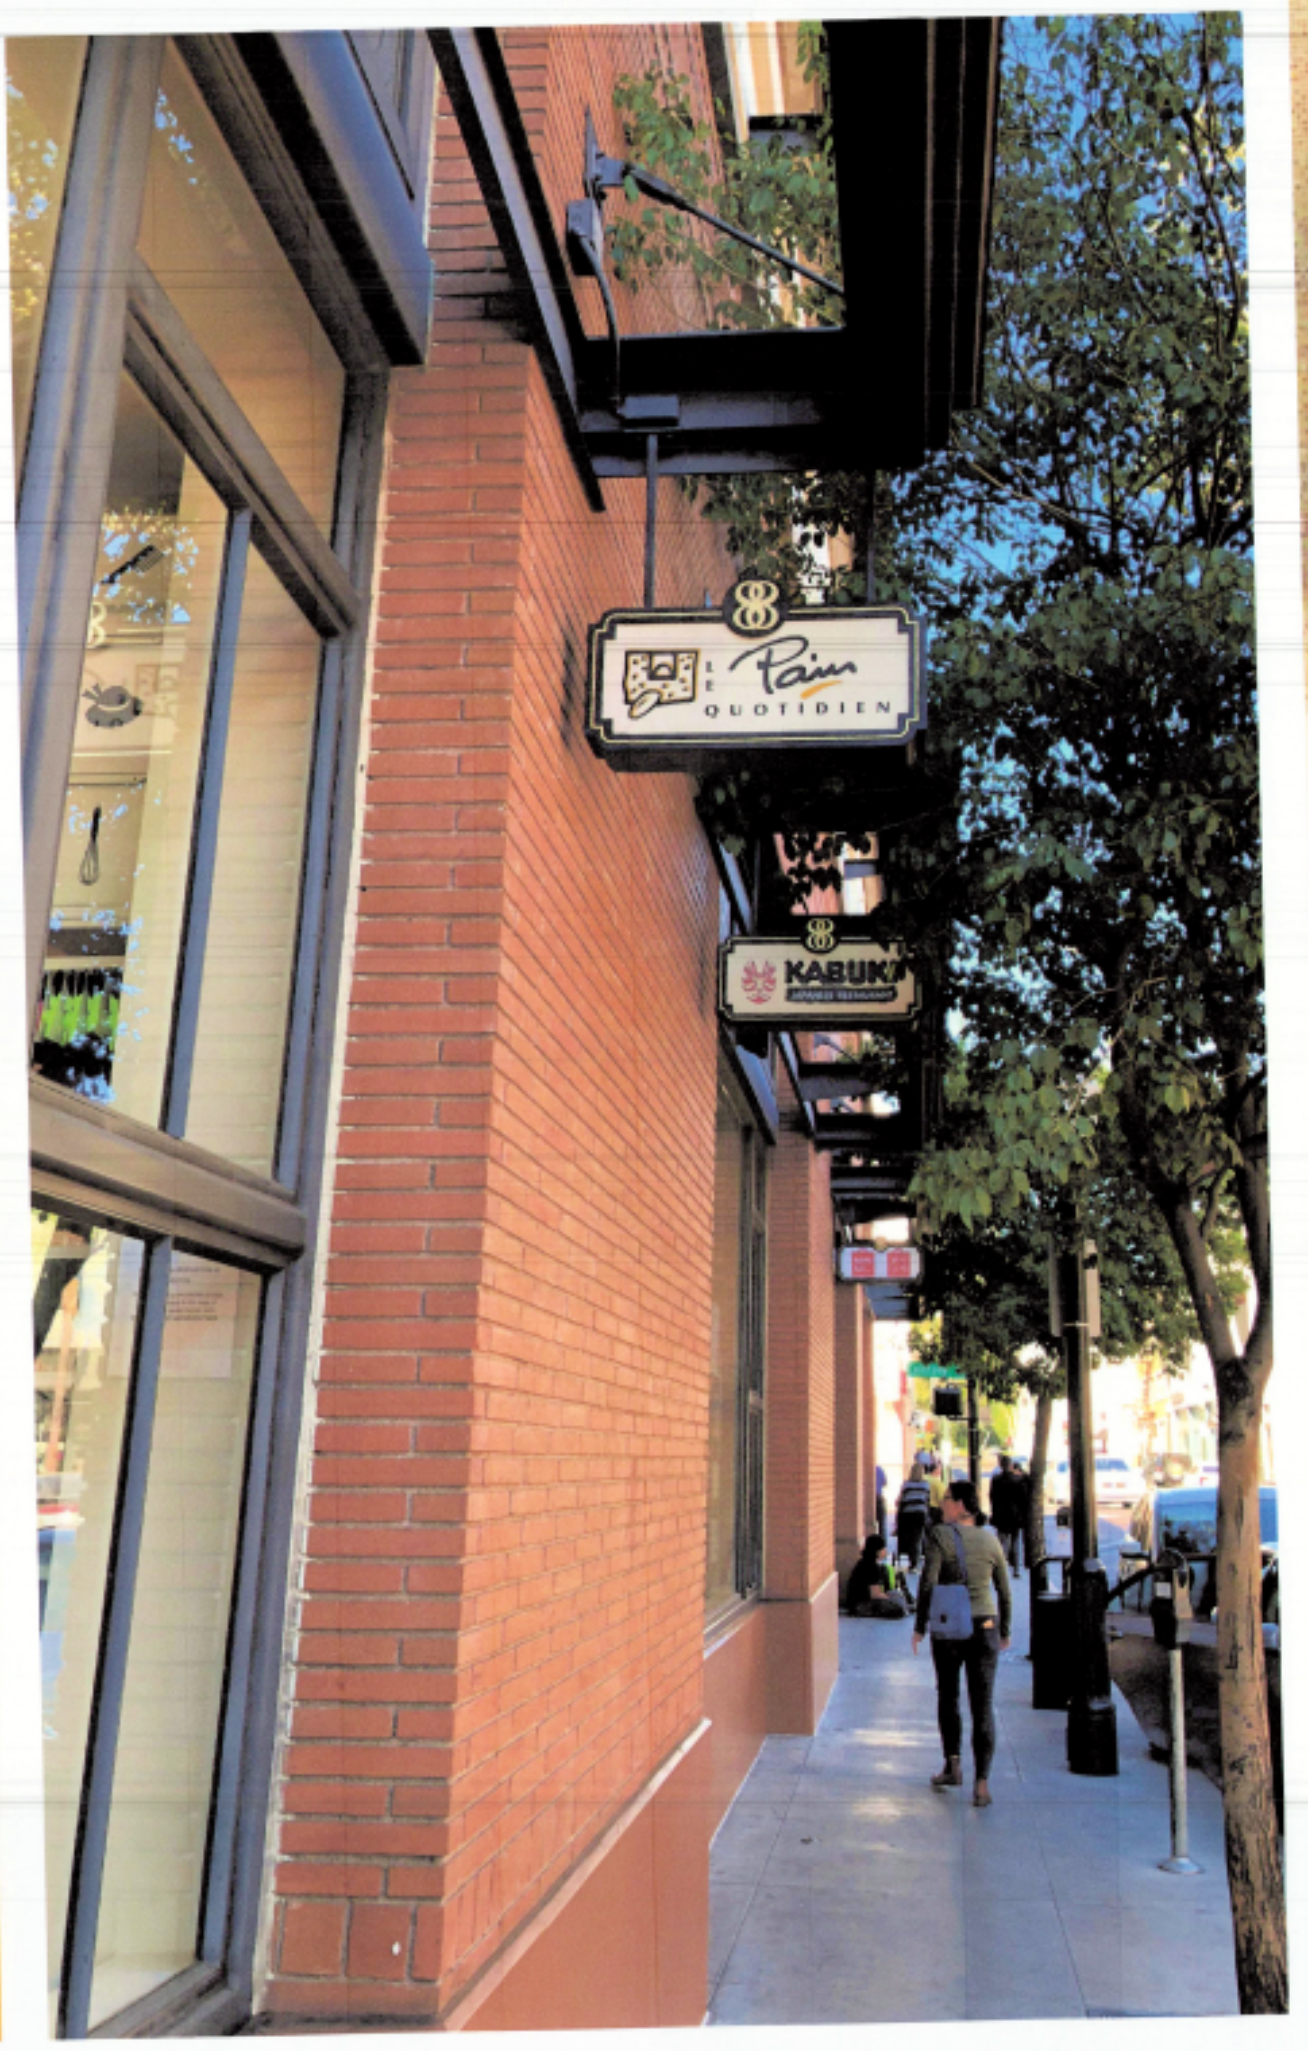
Reduce crime rates
Walkability
Reduce homelessness
Preserve historic buildings
Lower height limits → I like 4 stories [illegible] units are still connected to the street.
[illegible] — no development on [illegible]
Use form-based codes to judge design
Recompute RHNA #s
Less cars on the road = decreased emissions!

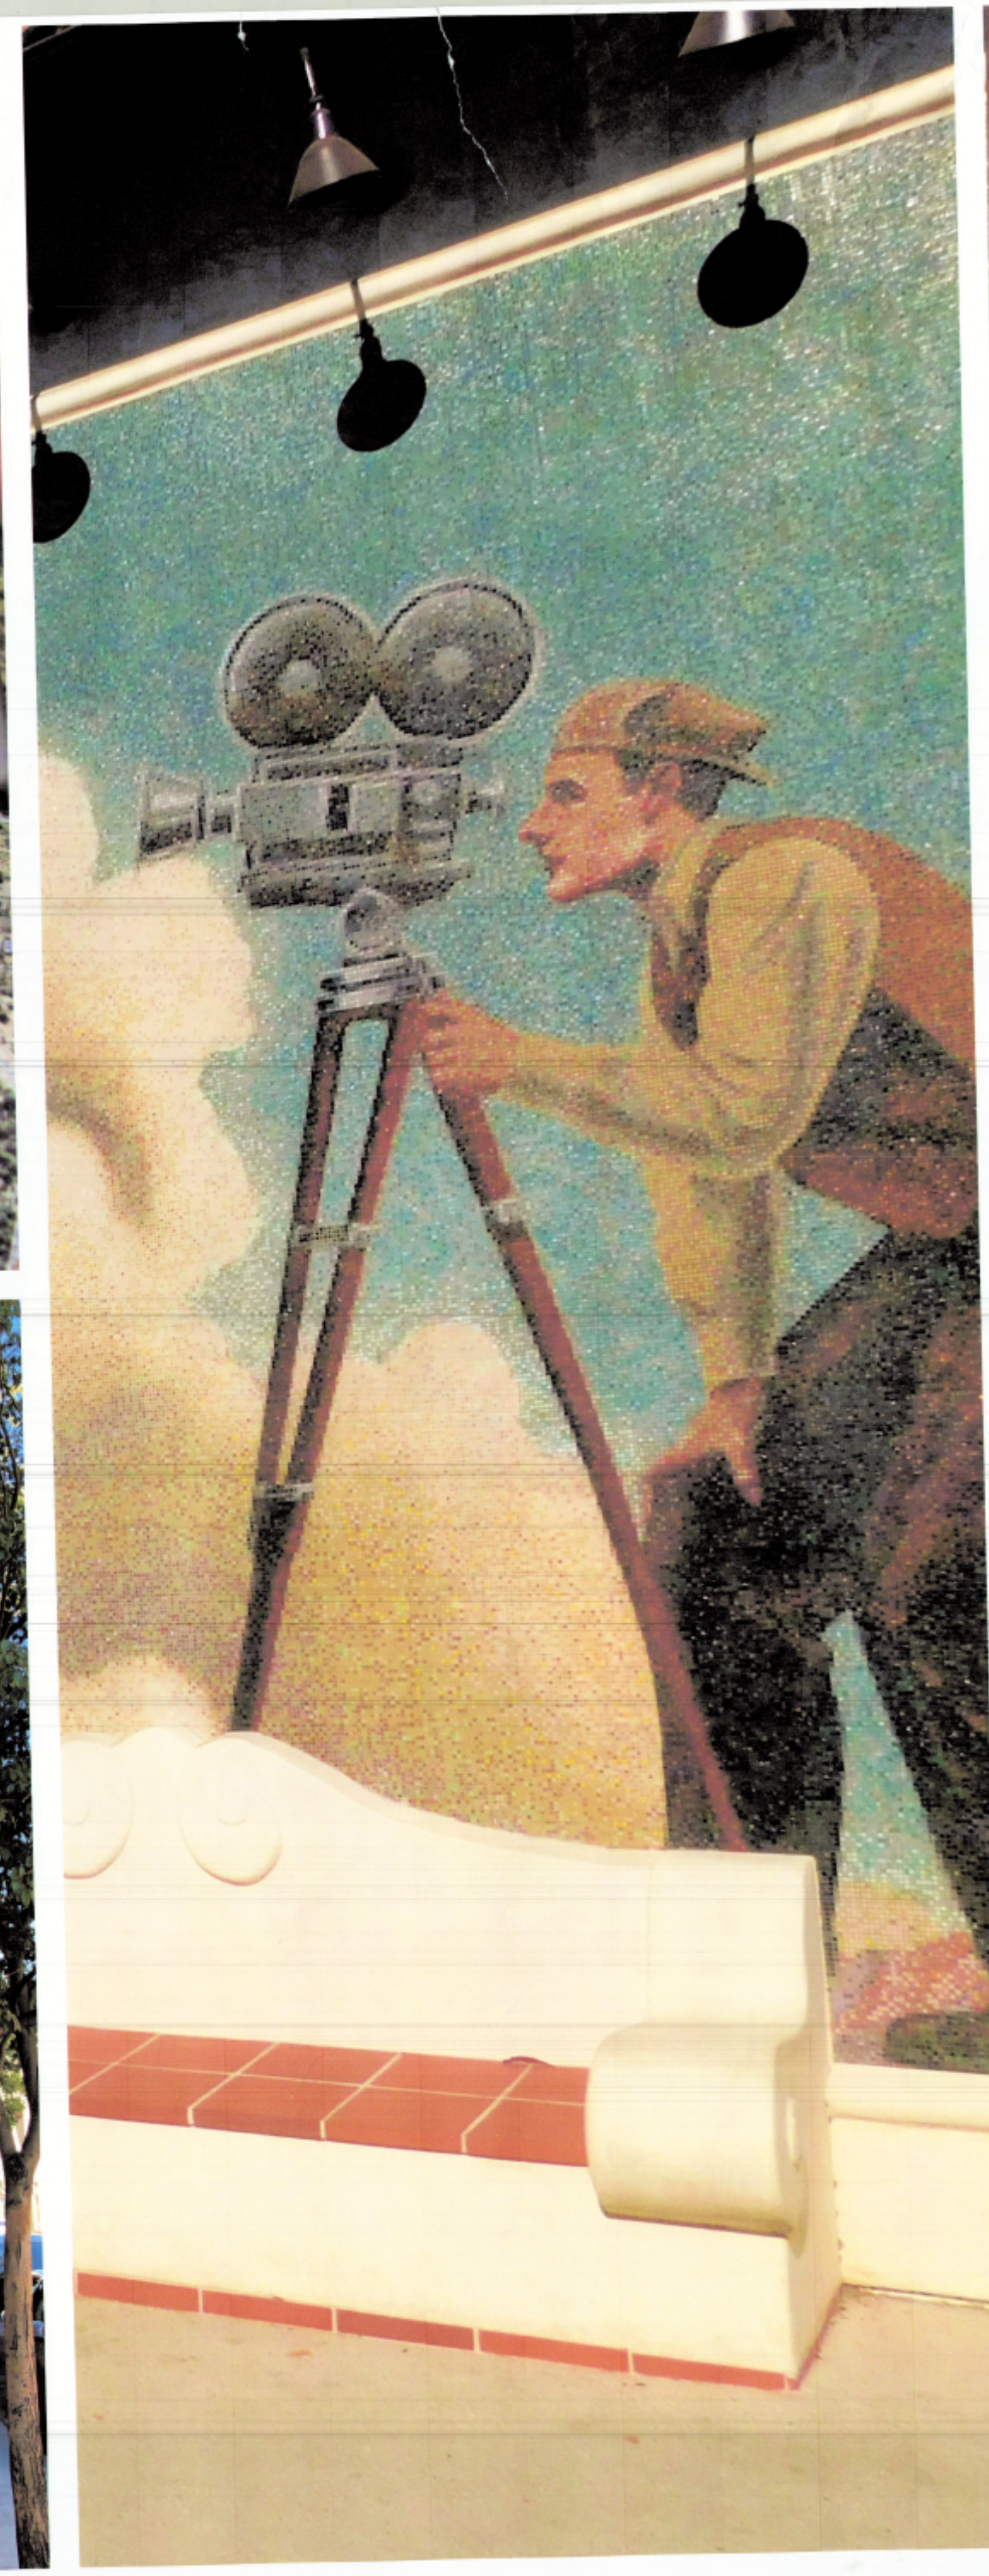
- walkability!!!

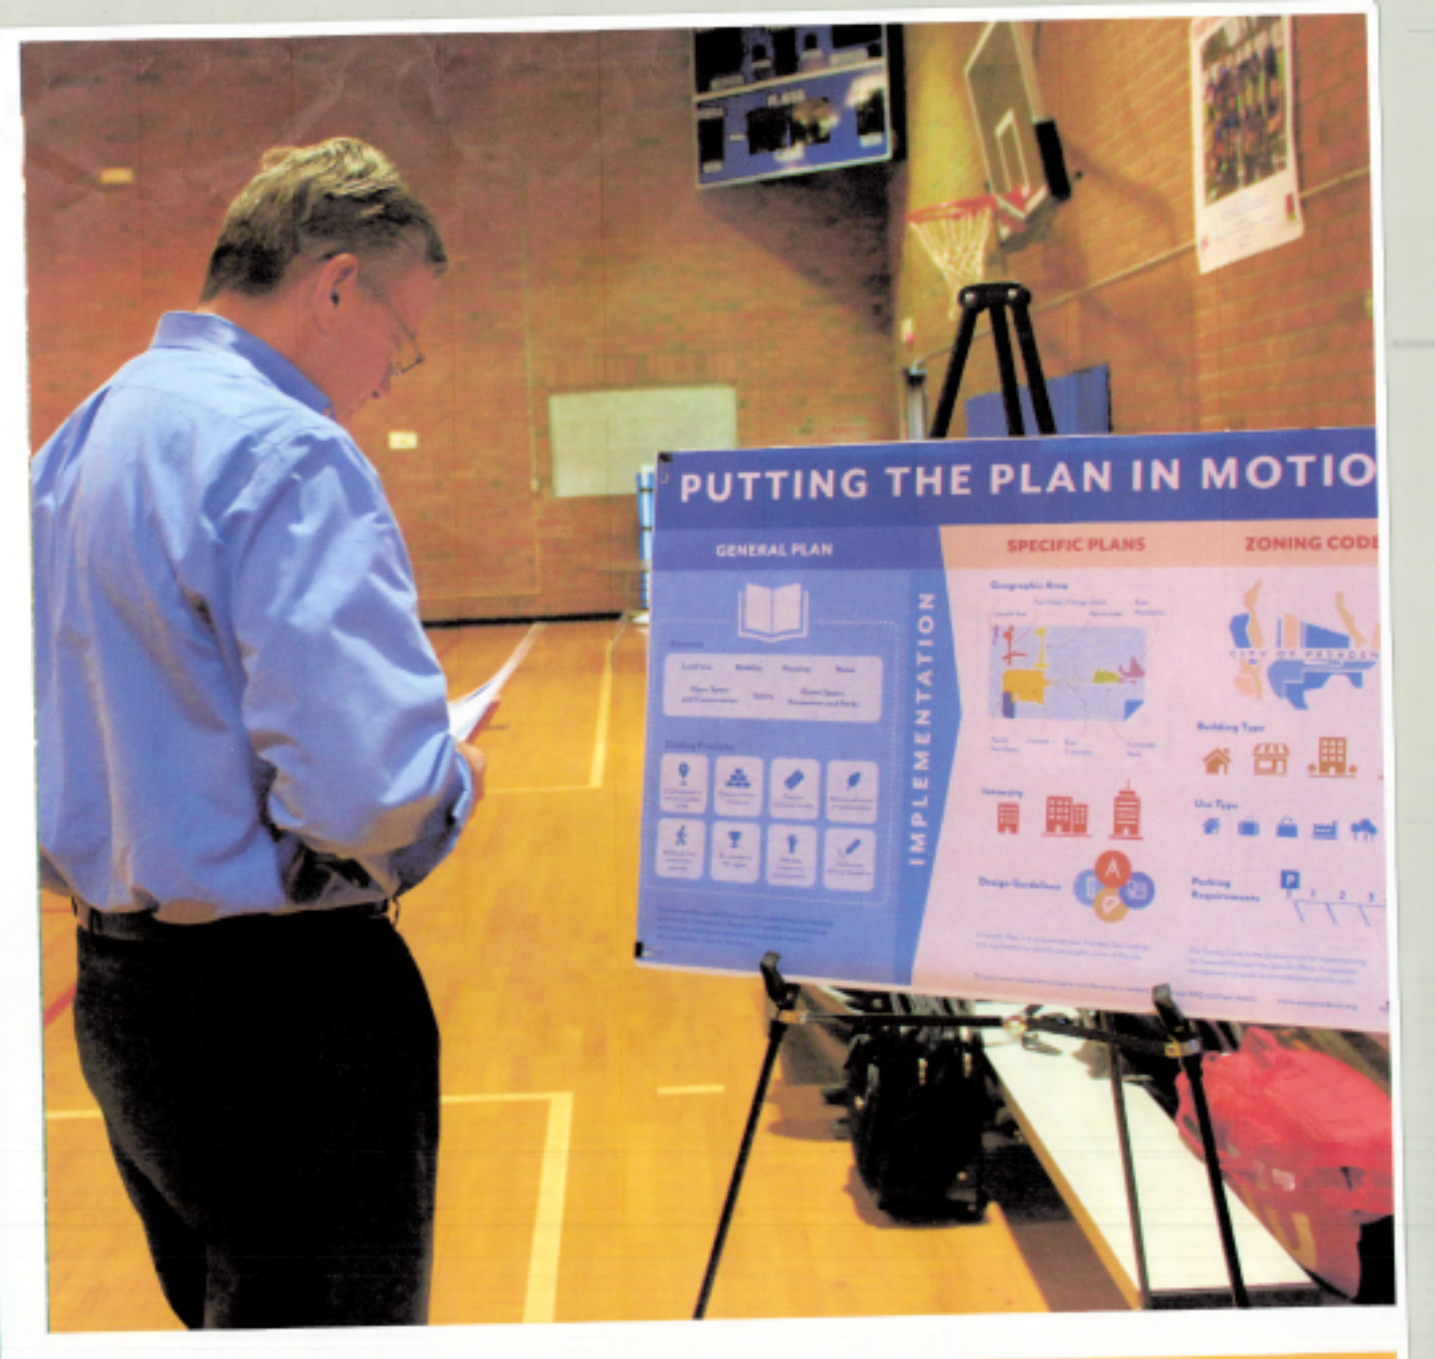
Better public transit for residents ✓ me too

SINGLE FAMILY HOMES
Preserve historic buildings!
Preserve single-family neighborhoods
Use form-based code — at least in central district
Save City Civic Center
LIFESTYLE / COMMERCE REFLECTING IMAGE & TASTE OF PASADENA (NOT GENERIC)

LESS DENSITY
Reduce GHG emissions
Get rid of PDs + Development agreements
Saved SFR neighborhoods
STOP OVER-DEVELOPMENT — NO Lane reductions!
more parking for Laemmle's Tender Greens, etc.
Bikeable Safety + comfort for walking!
Neighborhoods
Streets that put people first!







PUTTING THE PLAN IN MOTION

Protected Bike LANES
VALUE City HALL COMPLEX
Work to reduce RHNA #s! in CD
Implement form-based code
PROTECT SINGLE FAMILY NEIGH
FORM BASED CODES
Safe bike + pedestrian infrastructure (lanes, protected, network!)
